EN

The image will be printed directly onto the fabric, by means of a large digital printer. The print will be free of margins (bleed to the edge). Any desired framing must be specified in advance. If the image is not totally proportional to the measurements of the shade, its position on the shade will be left to the discretion of Bandalux and the final proof will be sent to the customer for his/her final validation. IT

L'immagine verrà stampata direttamente sul tessuto con una stampante digitale di gran formato. La stampa si realizzerà senza margini (al vivo); nel caso in cui si desideri una cornice, dovrà essere indicato. Quando l'immagine non è del tutto proporzionale alle misure della tenda, la sua posizione nella stessa sarà in base al criterio di Bandalux e si manderà la prova finale al cliente per la sua convalida definitiva. Non si garantisce una buona qualità di stampa quando l'immagine non soddisfa la risoluzione minima indicata.
